

STANPAC

Introducing Dome Lids **FOR PAPER HOT CUPS**

Dome lids are the perfect choice for beverages topped with whipped cream or any other topping that might go above the rim of your cup. They've got the extra space required to keep those toppings intact while not affecting the size of the beverage.

Designed with a tight snap on fit, means there will be no spills or leakage, making for even happier customers. Dome lids provide a splash barrier, and they add to the aesthetic appeal of your paper hot cups.

Available in two sizes, and fits Stanpac's full range of paper hot cups!
